WHAT IS THE CURRO STORY?

Curro Holdings is a JSE listed company whose major shareholder is the PSG Group. At present, it is a market leader in the provision of quality, independent school education in South Africa. Curro Holdings currently manages 47 campuses, providing education to 47 000+ boys and girls. Curro Holdings is aiming towards managing 80 independent schools by 2020.

WHAT DOES CURRO DO?

Provides education in English and Afrikaans to learners from 3 months to grade 12.

BACKGROUND - CURRO CASTLE NURSERY SCHOOLS

Curro Castles are nursery schools that believe in the magic of childhood, the joy of being young and the unbridled innocence of youth. Children need a sanctuary during the day whilst parents are working. We aim to inspire young minds to become extraordinary through the unique Curro Nursery School Curriculum.

CURRICULUM

At Curro Castles we strive to optimise learning in young brains and to capitalise on the potential children have for learning from a young age. We therefore pay special attention to the theories of teaching and the science behind how we develop to ensure that our children receive the best education possible. Children extend their boundaries of understanding by working to find solutions in an environment where dialogue between educators and children keep them motivated, stimulating their creativity while developing their cognitive abilities. The curriculum includes LEGO Education learning concepts, and the activities built around Lego Soft Bricks form the important early foundations for later Robotics studies.

Curro Castle has its own nursery school curriculum that promotes a positive learning environment where the emphasis is on learning through play.
