Bulletin  
Term 3

Here at the Castle, we had an action packed term starting off with a fun day of cultural celebration followed by our Annual Concert, Spring Day, Baby Olympics and lastly our Occupational dress up Day to end off the term.

Our term 3 went by so quickly but not without making many memories and having lots of laughs. Just as we continue to teacher our students all the wonderful things around us often they too teach us valuable lessons that we keep with us even after we have to say goodbye.

Our students have now started their well-deserved holiday before going into term 4 which already promises to be another action packed term.

## Our Cultural Day

At the beginning of our 3<sup>rd</sup> term we had a week of learning about different cultures. All our students were given the opportunity to talk about their culture and explain to the other students how theirs differ from other cultures.

We ended off the week by having a cultural dress up day on the 29<sup>th</sup> of July and everyone (students, parents and teachers) had a chance to show off their traditional clothing and foods.

It was a wonderful way to appreciate all the diversity in our beautiful country and taste a few new bites.

## Curro Castle presents Broadway!

On the 20<sup>th</sup> of August we had our Annual Concert and this year's theme was Broadway!  
After months of practice our Little Stars were ready to show off their talent to their parents and what a success it was. The crowd went wild... literally!  
We showcased some of the classics such as Happy feet, Cats, Mamma Mia, Matilda, The Little Mermaid, Frozen, Michael Jackson, Grease, Footloose, Hairspray and Singing in the Rain.

## Spring Day at the Castle

Our Spring Day on the 1<sup>st</sup> of September was quite eventful. We celebrated the new season by dressing in our favourite Spring outfits and then we got our hands dirty... We added to the beauty of our school by planting flowers and trees to welcome spring. The students loved planting all their plants and these days they enjoy showing off all their hard work.

## The 2016 Baby Olympics

We held our annual baby racing on the 9<sup>th</sup> of September. We themed it after the Olympics this year with all our Littlest Stars walking (and crawling) away with gold.

We had a nail-biting day with events that included skilled grabbing, professional chip eating, relay racing which included not only our Little Stars but their parents too.

All in all it was a great way to appreciate all the things our littlest stars can do and having the parents there made it even more memorable.

## Occupational Day

The last day of term 3 was an interesting look into the future of our Little Stars when they came to school dressed in what they would like to be when they grow up.

We had every kind of occupation from doctors, nurses, police officers, firemen to astronauts, presidents, chefs and princesses.
