Group 1s Holiday Fun

The educational value of playing with boxes are:

- Spatial awareness
- Physical comfort and security
- Physical control

Group 1s Holiday Fun

Group 1s Holiday Fun

Messy
play
day

Messy play focusses on exploring and experimenting with different materials. The children also learn about social interactions.

Group 1s Holiday Fun

Sensory
play
with
ribbons

Sensory play is critical for development of the brain. Baby discovers new textures and learns about cause and effect.

Colour fun day

This activity teaches babies about various colours and the names of different colours.

Group 1s Holiday Fun

Bring
your
favourite
toy

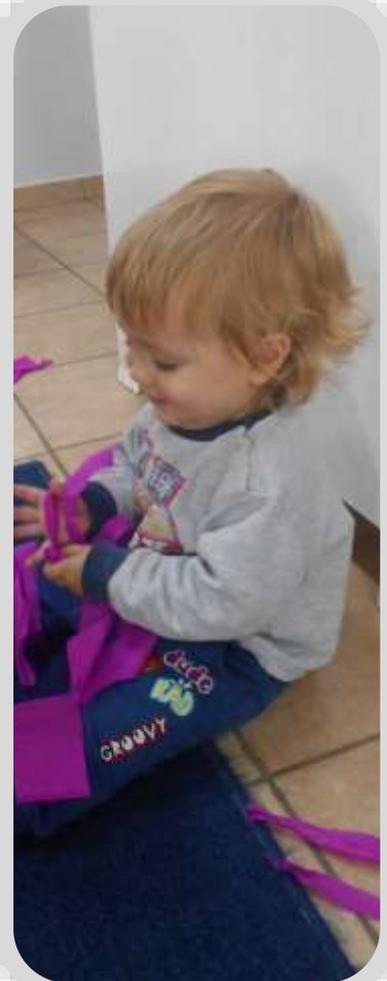

Group 1.5s Holiday Fun

This is a fun activity that helps with fine motor development.

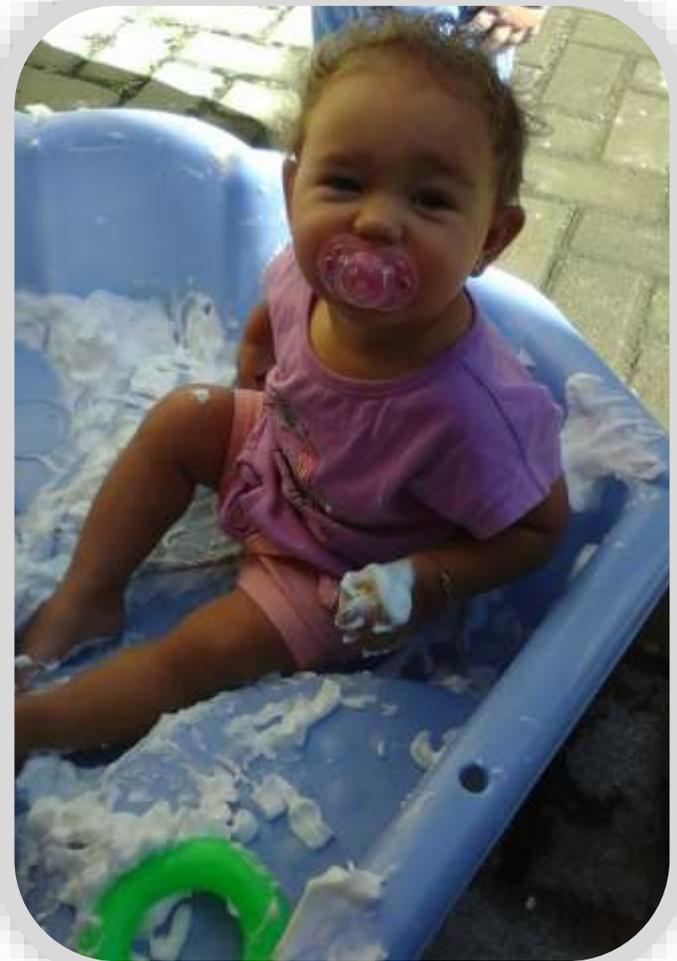

Group 1.5s Holiday Fun

What a great way to teach us about creativity and it also helps with fine motor development.

Group 1.5s Holiday Fun

Messy play develops children physically, personally, emotionally and socially. It also stimulates intellectual development such as math, creativity, communication and language.

Group 2-5s Holiday Fun

Painting day

“Art is the most intense mode of individualism that the world has ever known”

-Oscar Wilde

Group 2-5s Holiday Fun

Messy play day

Young children rely on sensory input to learn about their environment. Research suggests that sensory play helps build neural connections that supports thought, learning and creativity. ... So messy play actually has a crucial role in brain development in the early years of childhood.

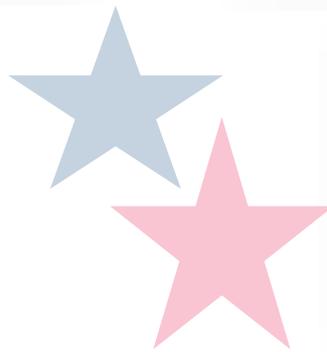

Group 2-5s Holiday Fun

Ice-Cream
& cool
drink day

Group 2-5s Holiday Fun

Easter
egg
hunt

Group 2-5s Holiday Fun

"Logic will get you from A to B. Imagination will take you everywhere."

-Albert Einstein

It enhances your child's motor skills. From a small scribble to a masterpiece that takes pride of place on the fridge, drawing can enhance your child's motor skills from a young age. Starting them as early as possible will help them improve their hand and eye co-ordination, while fine-tuning their finger muscles.

Chalk
colouring
day

Group 2-5s Holiday Fun

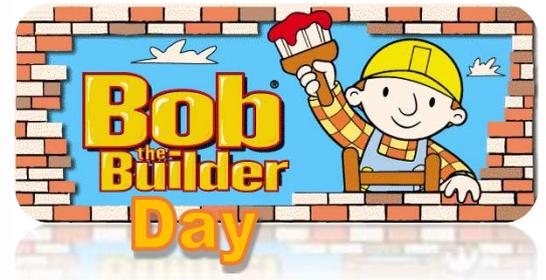

Dress up
& Camping
day

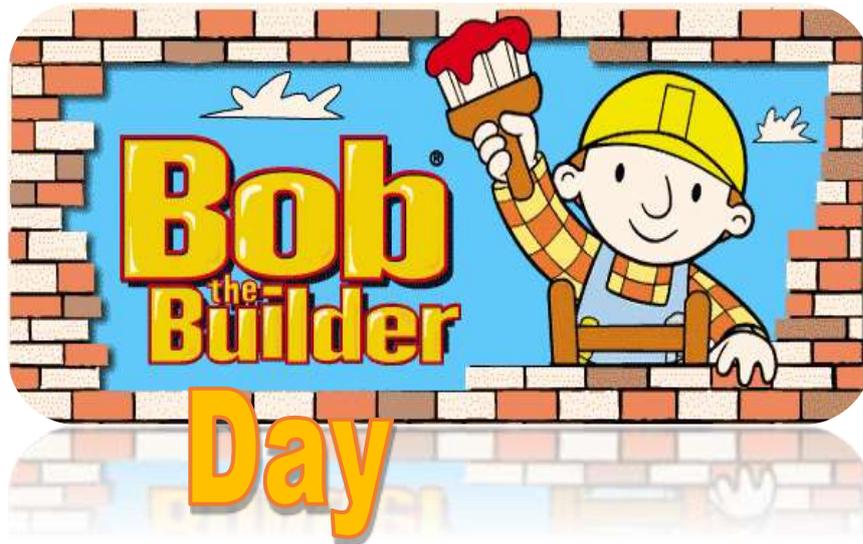

Dress up play is a fun activity for children, it's also a very important one, by helping them build up their vocabulary as well as their confidence. Role playing, especially when it happens with other children, encourages taking turns, cooperation and socialisation. Children that allow their imagination to run wild become great problem solvers as adults. Creative thinking grows with use and practice.

Group 2-5s Holiday Fun

Educational Value Of:

On Bob the builder day, we build with cardboard boxes. Cardboard boxes are important for children, just like building with blocks or puzzles.

Building/playing with cardboard boxes helps children learn and explore in 6 ways:

1. Spatial Awareness—The first thing children do when confronted with a cardboard box is to try to get in it. There is an important reason why... it's called Spatial Awareness.
2. Comfort and security—There is an emotional component to seeking out small spaces.
3. Empowerment—In small spaces, children feel BIG.
4. Control—Cardboard boxes make ideal hiding places.
5. Sensory play—The cardboard box is a great example of a sensory environment.
6. Imagination—Their imagination can run freely and the possibilities are endless.

Congratulations with potty training

This is to certify that

_____ is now officially a
Toilet Superhero
Well done!

Improvements at the CASTLE

Group 1 received a new bottle warmer and a kettle.

Go Team Castle Go !!

At the beginning of each year, the Castle parents can order these lovely t-shirts in pink or blue. The children can then wear it on a Friday. This year the parents were able to order for themselves as well, and as you can see, it really makes a statement!

2 May—Reitumetse Kelepa—Grp 5E-1
