RE: Stationery orders for Grade 7 in 2017

Dear Parents/Guardian

The year is fast approaching its end. Soon it will be December holiday and then a new academic year will commence.

Please take note that you will be responsible for ordering your child's stationery for 2017. The school will not prescribe which service providers must be used when buying/ordering your stationery for 2017, as long as the same quality is maintained as our current service provide Grit (previously PSPA).

You may place your order with Grit and they will individually pre-pack your order. Please note that Grit can only process a complete package. Parents cannot select only certain items on the list.

If you want to make use of Grit for your orders, please complete the attached reply slip and send it back to the register educator before Wednesday 21 September 2016. The school will order the packages on your behalf.

Attached is the list with the required stationery for Grade 7 in 2017:
