Thematic approach

- We have created a centre of learning where children can realise their full potential by providing a comprehensive, individually orientated education of the highest standard.
- Curro Castle Kathu provides a sound foundation for meeting the tasks and challenges of future learning.
- We create an environment of opportunity where the child learns general knowledge, the right attitudes, ethical and moral principles.
- We encourage and teach each child social and life skills in a warm and loving environment.
- We acknowledge that each child is an individual and we allow them to work at their own pace.
- We create a sound and safe environment where each child is extended and growth is encouraged academically, socially, emotionally and spiritually.
- The curriculum includes LEGO Education learning concepts and the activities built around Lego soft bricks form the important early foundations for later Robotics studies.
- Our three-week cycle menu includes well-balanced, wholesome meals and snacks are freshly prepared by the Castle chefs in the Hansel and Gretel kitchen. Parents are required to provide the mid-morning snack.
- Progress reports are handed out at the end of the 2nd and 4th terms.
- The Castle does not close during school holidays, however we are closed on public holidays and for a specified period during December and January. (Refer to our website for more information.)
