CURRO

Castle eco kidz

Home away from home

At Curro eco kidz we believe in the magic of CHILDHOOD, the JOY of being young and the unbridled INNOCENCE of youth.

1. **The Unique Child:** Curro Castle eco kidz recognises that every child is a competent learner from birth who can be resilient, capable, confident and self-assured.

2. **Positive Relationships:** Curro Castle eco kidz children learn to be strong and independent from a base of a loving and secure relationships with their parents and a key person (educator).

We focus on:

3. **Learning and Development:** Our children develop and learn in different ways and at different rates and all areas of learning and development are equally important and are inter-connected.

5. **Learning through play:** Education is best received when introduced in a fun, secure environment. Outdoor learning is a crucial component of our daily routine.

4. **Enabling Environments:** Our environment plays a key role in supporting and extending a child's development and learning.

Extramural activities

Offered by private tutors/coaches held on Curro eco kidz premises, include:

Ballet, Soccer Stars, Tots n Pots, Little Quavers and Monkeynastix

The daily programme:

Age-appropriate curriculum

Fantasy play

Perceptual development

Creative activities

Outdoor play

Gross motor activities

Thematic approach

- We have created a centre of learning where children can realise their full potential by providing a comprehensive, individually orientated education of the highest standard.
- Curro Castle eco kidz provides a sound foundation for meeting the tasks and challenges of future learning.
- We create an environment of opportunity where the child learns general knowledge, the right attitudes, ethical and moral principles.
- We encourage and teach each child social and life skills in a warm and loving environment.
- We acknowledge that each child is an individual and we allow them to work at their own pace.
- We create a sound and safe environment where each child is extended and growth is encouraged academically, socially, emotionally and spiritually.
- Theme teaching and meaningful excursions extend our young learners on a cognitive and social level.
- Our educators are vigilant about ongoing progress assessments and learner support is offered within the school grounds.
- The curriculum includes LEGO Education learning concepts and the activities built around Lego soft bricks form the important early foundations for later Robotics studies.
- Aftercare is offered during the school holidays.

How to enrol:

STEP 1:
All relevant forms are available on:
www.curro.co.za

WHAT HAPPENS NEXT?

STEP 2:
Complete the following:

- Application for admission
- Application for aftercare (if applicable)
