

ONLINE LEARNING

CURRO Online

Curro Online is the ideal choice for today's parents looking for the convenience and flexibility of online learning, yet still wanting the reassurance of a proven top-quality academic offering. The Curro Online educational model is a compelling, affordable alternative to the traditional mainstream school.

Curro Online provides high-quality education for learners from Grade 4 to Grade 9, with additional grades being phased in annually. Firmly grounded in and benefiting from the academic gravitas of all Curro Holdings' schools, we offer teaching excellence and an enhanced curriculum equipping learners with 21st-century skills and knowledge to grow into self-confident individuals.

Our school is designed for the parent who has limited time to supervise and teach their child. The Curro Online school provides a significant amount of teacher touchpoints to ensure that your child is progressing in their learning throughout the day and can ask for help as and when needed.

The Curro Online educational model is a compelling, affordable alternative to the traditional mainstream school. Our philosophy to the curriculum is to prepare the learners for the technology-rich future they will enter. How do we do this?

- Our learners are exposed to several technologies in the learning process.
- The curriculum has a strong focus on Mathematics, Science, Coding and Robotics.
- Our curriculum includes subjects such as Coding and Robotics.
- Emphasis is placed on the 6 Cs of the 21st-century skills that are needed for the future workplace. The 6 Cs are critical thinking, creativity, collaboration, communication, citizenship and character-building. This is done through carefully designed assignments, and projects that the learner does through the year for each subject.
