

CASTLE

CURRO Castle Durbanville

At Curro Castle Nursery Schools, we have created a safe, fun-filled environment where children can reach their full potential.

We believe in:

- 1. The unique child:** Every child is a competent learner from birth who can be resilient, capable, confident.
- 2. Positive relationships:** Through loving, secure relationships with their parents and teacher, children learn to be strong and independent.
- 3. Learning and development:** Children learn in different ways and at different rates, while all areas of learning and development are equally important and inter-connected.
- 4. Enabling environments:** As children learn from their environments, our classrooms and playgrounds act as a third teacher of sorts, thereby encouraging children to explore, play and learn.

GENERAL INFORMATION

- Children are encouraged to develop holistically in a warm, loving environment.
- Our indoor areas offer multiple opportunities to explore, investigate, imagine and create.
- Outdoor play areas include jungle gyms, play houses, shaded areas for creative and sensory play, and more.
- Security measures include guarded gates, CCTV monitoring, and proper hand-sanitising protocols.
- Teachers model positive attitudes, as well as ethical and moral principles based on Curro's values.
- Our programme includes activities built around large soft bricks, which form the important early foundations for later Robotics studies.
- Our menu provides well-balanced, wholesome meals and snacks which are freshly prepared in our on-site kitchen.
- Teachers each have teacher's assistants based on the age group and number of children in the class.
- Aftercare includes a freshly prepared meal and snacks.
- We have a registered nurse on-site during the school day, and all teachers have first-aid training.
- Children's progress are monitored on a continuous basis. Parents are updated every term and receive a detailed written report at the end of the 2nd and 4th terms.
- We are open during school holidays and run a full holiday programme. However, we are closed on public holidays and specified dates as reflected on our website.

PRIMARY SCHOOL

CURRO Durbanville

Foundation phase (Grade R to Grade 3)

Grade R

In Grade R we focus on an integrated play-based curriculum with specialised educational programmes:

- The phonological awareness programme which is explicitly taught in small groups and includes interactive games
- The Bazoo integrated literacy programme
- The NumberSense programme which is a learner-centred approach where problem-solving is the starting point
- Introduction to Robotics through Duplo Lego
- Body and Bodies physical programme

Grade R is the bridge from the concrete world to the world of symbols and numbers in Grade 1.

Grade 1 to Grade 3

In these grades the focus is on perceptual development, exposure to relevant content, skills and knowledge which are required for further learning. We offer a vibrant, invitational atmosphere where the learners enjoy coming to school and where they acquire a love for learning that will sustain them throughout their school years. We acknowledge the potential in each learner to reach optimum ability; therefore, there is less emphasis on competitiveness and more emphasis on individual achievement. We create opportunities for personal growth in independence and responsibility so that learners can accept the challenge of being personally responsible and accountable for their actions in the intermediate phase.

QUICK FACTS

Intermediate phase (Grades 4 to 6) and Grade 7

In the intermediate phase, the emphasis is still on establishing basic foundations, but learners are led into more abstract thought and independent work. Application of skills and concepts is also a focus area in this phase. This phase aims to prepare learners for the senior phase in the high school. We promote creativity and critical thinking by encouraging children to make their own choices within well-established boundaries.

We aim to embrace 21st-century learning by incorporating the use of tablets in our classrooms. We currently raise children who are 'digital natives'. By embracing innovative technology into our schools, we are speaking the language our learners understand.
