

HIGH SCHOOL

MERIDIAN Karino

Our goal is to develop responsible, independent and proud individuals who will make a positive contribution to society.

Our ethos is governed by Christian values (ethics and morals) where learners are encouraged to explore and express their individuality within acceptable boundaries, and ultimately take responsibility for their actions.

Our dynamic curriculum covers problem-solving, critical thinking and the development of skills and values. Both individual and group work are evaluated.

We aim to embrace 21st-century learning by incorporating the use of tablets in our classrooms. We currently raise children who are 'digital natives'. By embracing innovative technology into our schools, we are speaking the language our learners understand.

Learners are prepared for the National Senior Certificate (NSC).
