*'Why, sometimes I've believed
as many as six impossible things
before breakfast.'*

– Lewis Carroll

CURRO
Century City

CHAIRPERSON:
Rajveer Singh Jolly

School. Such a crucial part of any child's development. For some of us it's a time of stress and uncertainty while for others a source of happiness! I think what most of us can relate with is that we have had a mix of both and it's that very aspect of school that preps us for the real world. My school journey started with being unable to express myself because of the language barrier and is now about to end with my role as the chairperson of the Matric Leadership Council (MLC).

To the Grade 12s of next year, to put it simply, the year is going to be difficult. You will cry, have multiple breakdowns, lose sleep, and possibly feel overwhelmed. It won't be easy. Here is what I do know though, you will make it through, and it will all be worth it. School is not everything and it does not define your capabilities. Do NOT let a few numbers on a piece of paper hold you back. Even if you do 'do badly', there will always be a second chance because life itself is also about second chances ;) Attend extra lessons, go to the gym, have a social life because you can still have all those things in Grade 12. It all comes down to time management and mastering time. That is the secret to succeeding in Grade 12.

VICE-CHAIRPERSON:
Errin Leak

Greetings to you. I would like to share my Curro journey. It all started in Grade 8 with new beginnings, new people and a new environment. It was a bumpy road at first, but I got through it with hard work and determination. Through the years, Curro has helped me grow into the person I am today and, without this experience, I wouldn't be where I am. The adventure with Curro has had its downs, particularly the arrival of COVID-19 in Grade 11, but we got through it together and now I'm finishing up my last year at Curro.

To the matrics of 2022, I wish all the best for you guys next year and I know you can do it. Just keep working hard and never give up, because this is your last year - maybe even the last exams you will write.

I would like to end with this saying from Martin Luther King: 'If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do you have to keep moving forward'.
