Curiosity Approach

This approach centres around areas towards which children are naturally inclined. Teachers still guide them to other areas to ensure holistic development. Imagination, curiosity and natural elements take root here.

- Natural elements help in the discovery of the world.
- Uninterrupted play to promote imagination
- Play with real-life objects above single-purpose toys
- Fewer tables and chairs to allow for free movement
- Little to no plastic or over-stimulating bright colours

Subjects: Grade R

- Language: English Home Language
- Mathematics

- Life Skills
- Robotics and Coding also form part of our programme.
